Choosing your Classes

Spring semester is just around the corner! Now is the time to consider your elective for Spring 2022. Log into NYU’s student information system, Albert, to become more familiar with the platform in preparation for registration day. Use the course search function. Add electives into your shopping cart, and make use of the Spring 2022 Registration Guide to better acquaint yourself with Albert and NYU.

And while you may be thinking mostly about classes right now, we are asking you to hit the books already. Before arriving to NYU, please read Braiding Sweetgrass: Indigenous Wisdom, Scientific Knowledge, and the Teachings of Plants by Robin Wall Kimmerer (2013). During Orientation, you will join your classmates for a special discussion of the book.

Review below, and don’t forget to reach out to your academic advisor if you have any questions!

REGISTRATION

Past Newsletters
Spring Into LS Newsletters are sent on the 1st Friday of each month, starting this past September. Did you miss the past two? No problem, PDFs are posted to the Spring Admissions site regularly.
