Advising Groups

What is an advising group?
- GLS Advising Groups offer first-year students the opportunity to build a small community during orientation and throughout their first year. Students will build a relationship with their Academic Advisor and Student Leaders in a welcoming and supportive environment. These advising groups serve as a primary way for students to receive information about advisement and registration.

Who are the Student Leaders?
- The Student Leaders are upper-level peer advisors who want to share their GLS experience with you! They will be a valuable resource for you during summer, orientation, and activities for your advising group during the first semester.

Cross-School Minors

New York University offers a wide variety of minors across its undergraduate schools. A cross-school minor is a convenient study option for students wishing to learn more about a field that they cannot major or minor in at their home school.

Declaring/Removing a Cross-School Minor

**Undergraduates:** Complete the online Minor Application, available in the dropdown menu of your Albert Student Center. Please refer to our alphabetical list of minors to determine which NYU school hosts the minor you would like to declare/remove.

**Internal Transfers and Liberal Studies Transitioners:** Please note that any minors you declared in your previous program will not carry over to your new program. After consulting with an advisor in your new program, please re-declare your minor if you are eligible to do so.
